

Spring Has Sprung!

Like bees in their hive, our team is abuzz as we wrap up some great projects and actively preparing to kick off a few new ones. Read on to see what we're up to!

Jason Ojeda

IN THE NEWS

We made the Mondo DR Awards 2025 Shortlist!

[VOTE FOR OUR PROJECT AT COQODAQ \(Category#13\) TODAY!](#)

Voting is open from 5/1 - 5/16.

Powersoft & Global AV Group at Las Vegas Casino

We loved partnering with Powersoft on this case study and sharing our great work at shhh...you know where!

WRAPPED UP!

Hands-down, we have the most amazing clients. Nothing feels better than delivering extraordinary experiences for them and their guests.

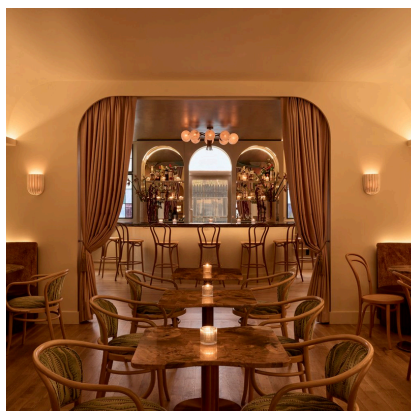

Gabriella's

Audio delights for this bougie and delicious new authentic Italian eatery in Delray Beach, Florida.

Public Hotel

Nothing says luxury like "Ian Schrager," and Public Hotel in NYC is no exception. They chose us to ensure their audio system fits the bill.

Shy Shy

Carefully curated audio vibes, expertly designed and installed at this very chill new cocktail bar in NYC.

ON DECK...

Summer is coming in HOT, and we absolutely cannot wait. Here are just a few cool projects we have on the sundeck.

Crossing the Pond

An exciting new project in London will revive an iconic nightspot lying dormant for the last 10+ years. This one is going to be SO FUN - stay tuned!

Viva Las Vegas

We are honored to continue our good work and support two new projects on the property: an audio renovation in the spa and audio for a new poker room.

The One Group

As TOG's go-to AV "solutioneers," we are thrilled to get started on two new projects: Kona Grill San Antonio & STK Phoenix.

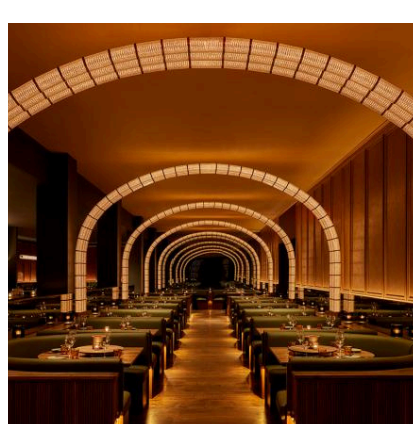

What we do best...

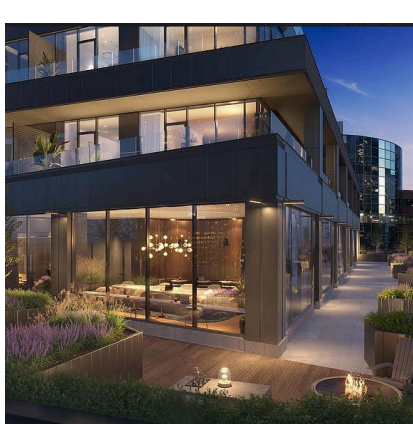

Global AV Group has built its reputation on crafting dynamic audiovisual experiences at events, in commercial spaces, and in clients' homes. Audiovisual technology is our stock in trade, whether designing a home theater, design consulting for a new venture, or installing high-end sound, video, and lighting systems for a commercial client. We take pride and stake our reputation in creating thoughtful, well-designed unique environments and experiences for our clients.
